- Emergency Medicine
- Endocrinology/Metabolism
- Environmental Health
- Ethics
- Gastroenterology/Hepatology
- Genetics
- Gerontology/Aging (cont’d. ->)
• Health System Innovation (Telemedicine, HER, Social Media)
• Hematology/Oncology
• Hospital Medicine
• Immunization
• Infectious Diseases
• Neonatology
• Nephrology
• Neuroscience/Neurology
• Nutrition

• Pathology
• Pediatrics
• Pharmacology
• Psychiatry
• Public Health and Prevention
• Pulmonary
• Quality Improvement/Patient Safety
• Rheumatology
• Surgery
• Other: (Please List)

AUTHOR INSTRUCTIONS

To ensure that your data is entered correctly, please follow all directions carefully. We recommend that you proceed through the system in a step-by-step fashion, carefully completing each screen in turn. When you have completed the abstract submission process, please print a copy of the submitted abstract for your records. To do this, go to the Submitted Abstracts section of this page, then click the "View Proof" button and print.

1) DEADLINE: The deadline for electronic submission of abstracts is Monday, July 31, 2023 at 11:59 pm Eastern.

2) ABSTRACT LIMIT: There are no restrictions on the number of abstracts you may submit, or on the number of abstracts you may present.

3) CHARACTER LIMIT: There is a limit of 3000 characters for the text of your abstract submission. This includes abstract body, as well as all spaces. You may add up to two tables and/or figures to your abstract.

4) SPECIAL CHARACTERS and FORMATTING: If you copy and paste the title and/or body from your word processor, special characters or formatting will not transfer. You will have to replace special characters and/or insert formatting tags using the character palette. To access the palette, click on the "Special Characters" button located on the Title/Body page.

5) TITLE & BODY: The title must be brief and indicate clearly the nature of the investigation. The title should be entered in title case letters. Do not use formatting tags in the title (with the possible exception of the lowercase tag). Abbreviations must not be used in the title.

6) TABLES & IMAGE: You may add up to two tables and/or figures to your abstract. However, each row in the table will deduct approximately 50 characters from the character limit. To test whether your image will reproduce well, size the original to 3 inches wide, then print it at 100% actual size. At this size, the image should be clear and readable.
7) AUTHORS: Please enter all authors in the order they should appear in the heading of the abstract. As the presenter, you will be automatically shown on the abstract as first author. Complete contact information must be entered for the Presenting Author. Only name and email address are required for co-authors. Enter all department and institutional affiliations. Department is an optional field. Only three (3) institutional affiliations will be allowed per author. You do not need to enter institutions in a particular order to be able to designate author affiliations.

8) ABSTRACT PROOF: If you have not completed all required sections/items you will not be able to submit your abstract. Carefully check the proof of your abstract. Make sure all special characters and formatting is displaying properly in your proof. If you find errors, return to the appropriate page by clicking on the page name in the sidebar menu, and make your corrections. Payment is required to complete submission of the abstract.

Abstracts may not be submitted if they have been previously published as a manuscript.

9) TECHNICAL SUPPORT: If you have any difficulty with the submission process that you cannot resolve yourself, please call or e-mail ScholarOne Customer Care. The e-mail address and phone number are available from anywhere on the site by clicking on Help in the upper right-hand corner of each page.
AFMR AWARD OVERVIEW

This is an overview of the awards offered by the AFMR for the 2023 National Meeting. Please review carefully and apply for any relevant awards. Awards may only be selected for the group to which you have submitted your abstract.

AFMR AWARDS

To apply for a Henry Christian Award, click the "Apply" radio button. To apply for the award, you must be an AFMR Member in good standing. If you are not a member, you may Join AFMR now to apply. You may apply at https://afmr.org/membership. Membership cost is offset by the lower member registration fee.

NATIONAL AFMR AWARDS

The AFMR provides young and aspiring trainees with scholarships and travel grants to attend regional meetings offering them the opportunity to present their findings to their peers and receive the guidance of senior scientists. The AFMR also recognizes trainees with national awards, such as the Henry Christian awards, named after the founder of the organization, Dr. Henry Christian. The AFMR strives to foster the development of future generations of clinical scientists and investigators through its initiatives, while encouraging public, private, and governmental investment in the development of these individuals. The AFMR continues to support the annual Research Day Awards of institutional members across the country.

Outstanding Investigator Awards | Learn More – link to subpage

The Outstanding Investigator Award is presented annually to an AFMR member in recognition of excellence in biomedical research and a commitment to mentorship in those who will lead the next generation of medical researchers. The $5,000 award will be presented during the Annual National AFMR Meeting. In person attendance is required to accept the award.

Early-Stage Investigator Award | Learn more – link to subpage

These awards were created to honor early-career AFMR investigators whose biomedical research projects complement an overall program of research, teaching, and clinical medicine. The two (2) $2,500 award will be presented during the 2023 National AFMR Meeting. In person attendance is required to accept the award.

Henry Christian Awards | Learn more – link to subpage

These awards were established in 1990 to honor the founder of AFMR, Dr. Henry Christian. Each year, these awards have been given to the presenter (or first author) of the most outstanding abstracts submitted to each of the AFMR Regional, and now National Meetings: the Western Medical Research Conference, the Southeastern Regional Meeting, Midwest Clinical & Translational Research Meeting, and the NEW AFMR National Meeting. The $1,000 awards will be presented during the Annual National AFMR Meeting. In person attendance is required to accept the award.

To qualify for any of the AFMR National Awards, applicants must be members in good standing. To join, visit afmr.org/membership.
